1. What is this product about?

This product provides you with coverage for your building occupied as private dwelling against loss or damage by fire, lightning and explosion caused by gas used for domestic purposes.

2. What are the Shariah concepts applicable?

Wakalah

This product applies the Wakalah concept, whereby the participants appoint us to act on their behalf to invest and manage the General Takaful Fund (Fund). The participant also agrees to authorise us to delegate our rights, duties and obligations to any third party as we deem fit for the purpose of achieving the objective to invest and manage the Fund, provided that, in the event of any such delegation, we will remain liable and responsible for all such rights, duties and obligations towards the participant.

Tabarru’

This plan also applies the Tabarru’ concept, whereby the participants agree to donate or contribute their contributions to the Fund for the purpose of mutual aid and assistance to the participants, in case of need. At the end of each financial year, any distributable surplus in the Fund, less repayment of historic deficits and allowance for a contingency provision, is shared 50% among the participants whose certificates have not terminated and who have not made any claims within the financial year, and 50% to us for operating and managing the Fund, based on the contract of Ju’alah. Ju’alah is a reward contract that specifies the share of the distribution of surplus on this basis. If the surplus is less than RM10.00, the surplus is to be credited into a charitable fund which will be utilized as ‘amal jariah’ on behalf of the participant.
