Drive Less Save More

Do you know that Etiqua offers cash rebates for reduced mileage on the road? The less you drive, the more you gain! Just select the Drive Less Save More add-on for FREE when you sign up for your Etiqua Car Takaful plan.

How does it work?

Step 1 - Activate your benefit

After signing up for an Etiqua Car Takaful plan with the Drive Less Save More add-on, upload an image of your car odometer reading & car number plate via the Etiqua+ App. You can do this at your convenience.

Step 2 - Claim your rebate

Subsequent uploads of your car odometer reading will be required to claim a rebate during the coverage period. You can upload an odometer reading as frequently as you wish, subject to a minimum of 10 days between each upload.

Step 3 - Submit the final upload

Upon expiration of an Etiqua Car Takaful plan, a final submission of your car odometer reading is required. You will be notified via an SMS reminder 3 days before the expiration date.
