Basis of Contract:

This plan applies the Tabarru' concept, whereby the participant agrees to donate or contribute a specified portion from the contribution paid to the Participants' Risk Fund (PRF) for the purpose of mutual aid and assistance to the participants in case of need.

This plan also applies the Wakalah concept, whereby the participant appoints Etiqa Family Takaful Berhad to act on the participant's behalf to manage the plan. The Wakalah fee is paid to us to cover the costs of distributing and managing the plan. The Wakalah fee is a deduction of 30% from the contributions, and a fixed RM50 from the contributions per annum per certificate.

The contribution less the Wakalah fee will be paid into the PRF. Underwriting surplus arising within the PRF may be distributed according to the surplus policy approved by our Shariah committee. 50% of any distributed surplus will be shared amongst the participants with in force certificates, who have not made any claim within the financial year.

The remaining 50% is to be paid to us for operating and managing the PRF, based on the contract of Ju'alah. Ju'alah is a wage contract that specifies the share of the distribution of surplus.

The distributed surplus shared to participants is accumulated within a segregated fund. 85% of any investment profits on the segregated funds will be shared amongst the participants with in force certificates, and the remaining 15% to be paid to us, based on the contract of Mudarabah. Mudarabah is a mutual contract between us and the participant for the investment profit or losses. The segregated fund is paid on expiry of the certificate, or should the participant request at any time prior to expiry of the certificate, provided that the amount requested is at least RM500.

If the amount of any sum payable to you or any person entitled under this certificate is less than RM10, we shall credit such sum into a charitable fund, which will be utilized as Amal Jariah on behalf of the participants.
